General Instructions

PSA member councils and their member clubs are invited to participate in the fourth annual **PSA Councils Challenge 2008**. Competition will again be held in three divisions: film slides, projected digital images, and prints. Each council should determine the selection process for entry in the Councils Challenge. Each council should submit 10 images per division. (An individual photographer **may not enter more than one image per division**, and images entered in previous Councils Challenge are not eligible.)

By entering the Councils Challenge, individual **photographers grant the PSA sponsors, free of charge, the right to reproduce their images for publication and display** at the PSA International Conference in, Portland, Oregon, and August 31-September 6, 2008

Film Slide Division

Film slides must be 35mm. Glass, plastic or cardboard mounts are acceptable, as long as they do not present a problem in projection. All slides must be thumb spotted in the lower left corner when viewed correctly and labeled with photographer's name, title of slide, and council affiliation. Each slide must also be marked with the number corresponding to the slide number on the entry form. Please take care in packaging your entries, especially when glass mounts are used. The sponsors accept no responsibility for damaged or lost slides.

Projected Digital Images

Projected digital images should be burned to a CD and titled and numbered to match the entry form. Digital files (.jpeg) must be no longer than 1024 pixels horizontal and 768 pixels vertical. Please size each compressed .jpeg image file sized to less than 350kb.

Prints

Photographic prints may be color or monochrome, commercial or inkjet (all prints will be judged in one division). Prints **must** not be mounted or matted. Minimum print size is 8" x 10", and the maximum print size is 8 1/2" x 12". The photographer's name, title of print, council affiliation, and print orientation arrow should be labeled on the back of each print, but the maker's name should not be attached to the front of the print in any fashion.
